ANNULAR COOLER PALLETS

No gaps between pallets

Tritec's Design

Competitor's Design

- Highest wear and deformation performance in the world - 7 years plus lifespan currently!
- No gaps between pallets. 45° beveled edges. No pellets to get in between and create premature wear
- Design allows for no deformation due to pellet load dropping on the top
- Slots have zero tolerance resulting in non-existent blinding of slots
- Material construction is a high-temperature abrasion resistant plate that withstands ambient heat
